APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This temporary permit to change the point of diversion of a portion of the waters of an underground source as heretofore granted under Permit 55911 is issued subject to the terms and conditions imposed in said Permit 55911 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This temporary permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

This temporary permit is issued under the preferred use provisions of NRS Chapter 534. The manner of use of water under this permit is by nature of its activity a temporary use and any application to change the manner of use granted under this permit will be subject to additional determination and evaluation with respect to the permanent effects on existing rights and the resource within the ground water basin.

(CONTINUED ON PAGE 2)

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.1 cubic feet per second, but not to exceed 72.4 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before

Proof of completion of work shall be filed before

Application of water to beneficial use shall be made on or before

Proof of the application of water to beneficial use shall be filed on or before

Map in support of proof of beneficial use shall be filed on or before

Completion of work filed

Proof of beneficial use filed

(PERMIT TERMS CONTINUED)

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The total combined duty of Permits 43378, 43379, 43380, 43381, 55906, 55907, 55908, 55910, 55911, 55912, 55913, 55915, 57927-T, 57935, 58245, 58767-T, 58768-T, 58769-T and 58770-T shall not exceed 13,204 acre-feet annually.

The permittee shall comply with the monitoring plan approved by the State Engineer which will be subject to revision upon review of the data generated.

The data and analysis of the data shall be submitted to the State Engineer on a monthly basis, subject to any revision of the frequency of the data collected.

This temporary permit is issued subject to the conditions set forth in the withdrawal of the City of Ely's protest dated October 28, 1991, under Permit 55906.

This temporary permit is issued pursuant to the provisions of NRS 533.345 Section 2 and will expire on June 23, 1994 at which time all rights herein granted shall revert to the right being changed by this temporary permit.
